Applications

During December, FHA received 110,427 applications for single family home insurance -- 12.1 percent below last month but only 1.8 percent lower than last December. While 57,234 purchase cases account for the biggest share there has been a noticeable increase in refinance transactions.

There were 47,101 applications for refinancing -- 26,060 prior FHA cases and 21,041 conventional seeking FHA insurance. Included in this total were 274 principal write down applications. Also, during the month, 6,092 reverse mortgage applications were received.

Endorsements

This month, FHA insured 93,739 mortgages for \$16.7 billion. The overall average mortgage was \$178,000 and broken down as follows -- \$165,500 for purchase transactions, \$193,300 for refinance cases and \$237,000 for HECM.

The breakdown of mortgage transactions was as follows: 58,589 purchase money mortgages, 30,515 refinance mortgages as well as 4,635 reverse mortgages. The refinance total was made up of 19,017 prior FHA mortgages and 11,498 conventional mortgages converting to FHA. Included in this group were 148 short refinance cases as well as 2 hope for homeowner transactions.

Automated Underwriting

There were 71,721 cases accepted and approved using the FHA score card (TOTAL) accounting for 80.5 percent of the mortgages insured this month.

Insurance-In-Force

At the end of December, FHA had 7,414,979 single family mortgages in force with an estimated amortized balance of \$1,036.0 billion. This is 10.9 percent more than reported last December.

Defaults and Claims

As of December 31, FHA servicers reported 771,082 mortgages in serious delinquency, for a default rate of 9.6 percent. The seasonally-adjusted rate, however, was a lower 9.1 percent. It should be noted that the November through February period is the seasonal high-point for serious delinquencies.

So far this fiscal year, FHA has paid 61,259 single family insurance claims -- 30.3 percent lower that the same time last year. The bulk of the claims (30,387) involved loss mitigation retention actions. In addition, there were 18,801 conveyance claims, 9,807 pre-foreclosures and a small number of other actions.
